Dear Sir,

Please excuse the continued correspondence, I feared I acted recklessly. (providing photocopy)

I am presently reading White Wash II and find it informative and very well written. Thanks!

David King

Dear Mr. Weisberg, (1)

At about 2:30 PM July 7 I left a copy of Post Mortem with Annie, Attorney King's Secretary at his office Suite 308 at 735 Bishop St.

(2)

(the Dillingham Bldg.) She informed me he was in court.

I spoke with him by telephone from Maui at 10:30 AM July 8. why I called him

(3)

was to explain, why I enclosed a photocopy of your letter to [redacted] me, directing to Sibert and O'Neill Report (pages 532-534)

On the phone I explained,

(4)

my intent was not to discredit his efforts (Attorney Kings) to provide the public with a forum for discussion, or draw Harold Weisberg and David Lifton into a confrontation

(5)

(this would disturb me greatly) but to best inform Attorney King in your words, what I'd been informed [redacted].

I sincerely apologize

if by providing Attorney King a copy of the letter I indirectly cause rash action by David Lifton.

As I understand Sam King III's father and grand father

to be honorable men. I trust his decisions in this matter.

However, to what degree David Lifton and he maintain a dialog I can only assume it is a continuing one.

With Respect, David King
